

Rockwell Parts

Rockwell Parts - The business of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for service, technology, delivery and quality. They believe in working within an environment that supports the highest integrity with empowered teamwork, combined with a persistent pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of ecological stewardship and safety in how they do business. The company has put different programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with any comments or questions, because they are happy to promote and share this policy with a greater understanding of their efforts. They are very committed to preserving and improving the natural environment. AxleTech has an EHS program that not only protects the environment but which likewise actively protects their workers and neighbors as well.

AxleTech specializes in the manufacture and designing of planetary axles meant for both commercial and military applications, which could include anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider too. AxleTech particularly designs axles to meet specific application demands. They have more than one thousand different axle specs in their existing offering. With more than 100+ years of experience and history, AxleTech proudly supplies the most complete solution for any of your axle needs. The company is well known in various military and commercial applications. They provide complete axle assemblies for aftermarket replacement needs, together with servicing axle requirements for OE production. Their high mobility ISAS have extra details that can be seen in the "ISAS" product selection.
