

Electrical Parts for Forklifts

Forklift Electrical Parts - Lift trucks could be purposely labeled to be utilized in dangerous places. A labeled truck denotes the design has met the minimum standards of ANSI/UL 558 intended for engine powered trucks or ANSI/UL 583 meant for electric lift trucks for the type of label placed.

Applications for marked lift trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Areas of Use, Maintenance and Operation, and Type Designations. Ask your local insurance carrier and Fire Marshall for additional information on the approved uses of industrial powered trucks in your application.

If the forklift has been found to satisfy the outlined standards, the following labels can be placed. A marked truck will have the model designation placed on the lift truck nameplate and will have one of the following labels attached.
